This is in regards to contest #HackWithInfy.

#HackWithInfy is a contest for all engineering students across India who are graduating in the year 2021 to inculcate the culture of rapid problem-solving and innovative thinking from early on. It provides the perfect stepping stone for students to explore their passion for programming, and an opportunity to compete and earn a chance to work with Infosys.

If you are excellent at coding, and you envision a future that is equipped with better promises and freedom to solve everyday problems with the help of technology, register for #HackWithInfy and show the world your mettle.

#HackWithInfy comprises three rounds with Round 1 and Round 2 as online tests and a Grand Finale with a 24-hour hackathon at Infosys Pune.
