<u>Circular-</u> <u>Women Techmaker Scholars Program</u>

The applications for the **Women Techmaker Scholars Program** are now open. This opportunity gives **female computer science students** a chance to **connect with Google Engineers**, **a scholarship,** an opportunity to develop their own skills and **attend a retreat hosted at a Google office**! Most importantly, the program brings together a group of female tech students to **learn, grow and enhance their own skills** to be better prepared for tomorrow.

Need more info? Visit womentechmakers.com/scholars

Women Techmakers Scholars will each receive a cash award for the 2020-2021 academic year. A group of female undergraduate students (year 1 / year 2 only) will be chosen from the applicant pool, and scholarships will be awarded based on the strength of each candidate's passion for diversity, demonstrated technical skills, leadership and academic accomplishments. All scholarship recipients will also be invited to attend a Women Techmakers Scholars' Retreat in one of their local Google offices in 2020. This retreat will be a great opportunity to connect with local scholars, network with Googlers and participate in a number of workshops.

Professional development and a number of other opportunities will continue to be offered after the retreat. As a Women Techmakers Scholar, you will join a long term community of past scholars, designed to provide a forum to share resources, support other women in tech and collaborate on projects to make continued impact.

IMPORTANT NOTES:

In 2020, the APAC Women Techmakers Scholars Program (WTMSP) will only be open for year 1 and year 2 undergraduate students. Students of year 3 and above can sign up for our other programs on the link below.

WTMSP is primarily open for students studying in Mainland China, Hong Kong SAR, Macau SAR, Taiwan and India.

For students from all regions in Asia Pacific, across undergraduate, post graduate and PhD levels, we have a host of other programs at Google that better align to local market nuances and needs. So we request you all to sign up here for those programs.

WTMSP APPLICATIONS FOR 2020-21 ARE NOW OPEN
PLEASE CLICK HERE
