

Prototype:

Project Presentation Competition

Registration Deadline

02 March 2022

Apogee 2022 welcomes projects in various fields of Science, Engineering and Humanities. The Prototype: Project Presentation Competition during Apogee 2022 features projects from a variety of scientific research areas, from categories dedicated to evergreen fields like mechanical engineering to new frontiers of technology such as simulations and mathematical modelling, we assure a platform where student innovators can showcase the solutions they have developed to break boundaries and create new ones.
