

AWS

COMMUNITY

Builders Program

Technical resources,
education, and networking
opportunities for AWS
enthusiasts

Any individual who is 18 or older and passionate about building on AWS can apply to join the AWS Community Builders program.

The logo for the AWS community builder program is displayed within a large, dark blue hexagonal frame with a yellow border. The text 'AWS community builder' is centered within the frame. 'AWS' is in a smaller, orange font, 'community' is in a white sans-serif font, and 'builder' is in a larger, white sans-serif font. A thin yellow horizontal line is positioned below the word 'community'. The background of the hexagon features abstract, glowing blue and yellow lines and shapes, suggesting a digital or networked environment.
