SAVE THE DATES

19 JAN - 21 JAN'24

Let's see, what Backwaters 2024 is all about?

Backwaters organize an inter-sectional fest for the incoming batch at Kampus. It hosts simulation events with corporates, annual quizzing events, marketing events, strategy case competitions, and debating competitions along with publishing the annual management magazine, MindScape. We endeavor to make Backwaters a place of learning while lighting the competitive fire in all of us, which encourages us to think above and beyond the set norms by pushing boundaries and setting new standards wherever possible.
