**INDIAN HERITAGE**

"A nation's culture resides in the hearts and soul of its people."  
This beautiful quote was quoted by the father of the nation, Mohandas Karamchand Gandhi. India is blessed with a vast and rich heritage. The diversities of this beautiful country vary state to state. Indian culture is a blend of diverse traditions and cultures influenced by the phenomenal Indian history. Various cultures deeply influence the Indian art, music and literature. Indian culture is one of the oldest and famous among the other cultures of the world. However, the science and technology of ancient India was quite advanced. Cultural heritage refers to all those values inherited by people from their ancestors from generation to generation and therefore are to be protected.

Some of the heritage sites in India include Taj Mahal, Qutab Minar and Red fort. As the cultural heritage plays an important role in our lives, it is what keeps us attached to our religions, traditions and cultures. The culture and custom that most elderly Indians adhere with today have a substantial impact on the younger generations of the country. Values taught in India are priceless and hold a broader perspective on life. The best way to preserve the heritage is to protect and cherish them. It is our responsibility to respect the cultural heritage and pass on to the next generations so as to let them know about their roots.

**LITERARY FEST 2021**

*(Topic:- Indian Heritage)*  
*Heritage is the gift of god,  
Blessed with an ancestral reward,  
True reflection of the great,  
That beats even the worst fate,  
And gathers a series of saga,  
That continues to write the history drama.*

*Not just buildings over pillars,  
But the walls that resisted thrillers,  
They're a creation to admire,  
Made by hands that were dire,  
But their hearts so intense,  
That fabricated a whole suspense.*

*So come along in a willing collection,  
With a good and selfless intention,  
To serve and sustain our possession.*
