CSE EDITION

NEWSLETTER

Jan - June 2023

Vision

Empowering the future with innovative advancements in computer science technology, fostering human values and principles, through technical education.

Mission

- M1: Advancing computer science technology through cutting-edge research and education, driving innovation and excellence.**
- M2: Promoting a culture of ethical responsibility & human-centered design in technology, ensuring advancements benefit society.**
- M3: Empowering individuals with technical skills and values to create a sustainable and impactful future in the digital age.**

PEOs (Program Educational Objectives)

- 1. To enable graduates to pursue higher education and research, or have a successful career in industries associated with Computer Science and Engineering, or as entrepreneurs.**
- 2. To ensure that graduates will have the ability and attitude to adapt to emerging technological changes.**
- 3. To prepare students to analyze existing literature in an area of specialization and ethically develop innovative methodologies to solve the problems identified.**

PSOs (Program Specific Outcome)

- 1. To analyze, design and develop computing solutions by applying foundational concepts of Computer Science and Engineering.**
- 2. To apply software engineering principles and practices for developing quality software for scientific and business applications.**
- 3. To adapt to emerging Information and Communication Technologies (ICT) to innovate ideas and solutions to existing/novel problems.**

Debate Competition on "National Youth Day"

Dronacharya Group of Institutions, Greater Noida organized a debate competition under the theme "Make the Optimum Utilization of Youth for Prosperous Tomorrow!" on the occasion of "National Youth Day".
