PRIZES

Rs. 3 Lakhs

Rs. 2 Lakhs

Rs. 1 Lakh

There are two common pain points faced by financial services institutions in general i.e. Seamless Customer On-Boarding and Customer Engagement. In order to tackle the above pain points with the assistance of the Account Aggregator framework, Bank of Baroda is organising the "bob World hAAckathon".

The aim of the hackathon is to leverage the AA framework to come up with ideas and solutions to solve for the above issues.
